

Taholah Village Relocation Master Plan

Questions for the Community #2

1. What park or open space does your family use in Taholah?

2. Which park and recreation activities do you expect that you would do? Choose 3.

- Active recreation (basketball, soccer, skateboard)
- Kids playground
- Walking
- Picnic
- Informal play
- Leisure pastimes
- Other _____

2. Which recreation features do you most want to see in the parks in the upper village? Pick your top 3 choices.

- Sports facilities
- Walking track
- Quiet spaces
- Gardens with plants traditionally used by the tribe
- Community vegetable gardens
- Fire pits/picnic shelters?
- Small amphitheater/performance space
- Other _____

3. Which OUTDOOR sports facilities do you most want to see in the upper village? Pick your top 3 choices.

- Basketball courts
- Soccer
- Baseball field
- Playground
- Skate Parks
- Quad tracks
- Other _____

4. Which INDOOR sports facilities do you most want to see in the upper village? Pick your top 2 choices.

- Boxing ring
- Indoor basketball courts (full court)
- Gym (weight lifting, treadmills, etc.)
- Olympic sized pool
- Leisure pool
- Other _____

5. Would you prefer a large community park or several small neighborhood park facilities dispersed throughout the villages?

6. How far would you walk to visit a neighborhood park with a basketball court and playground equipment?

- 5 minute walk
- 10 minute walk
- Longer

7. Are there any elements in the parks or trails that need to be included specifically for elders or those with mobility issues? If so, how should they be tailored for elder/mobility impaired use (for example, ramps, special recreational equipment)?

8. What cultural facilities would you like to see integrated into the village design, especially the parks and open space? Do you have ideas for how Quinault culture can be integrated into the parks? For example, a sweat lodge, longhouse, etc.

9. Should land be set aside at the village entry off Highway 109 for an entry feature emphasizing Quinault culture? What should be included (for example, a totem pole)?

10. Do you have any other suggestions, issues or concerns you want to be sure are considered in the design of the plan?
